### Formation: 4-3 Over Plus

#### Play: Cover 3 Sky Wk

### Setup:

- 1. Base Align
- 2. Spread the defensive line
- 3. Slant the defensive line to the right
- 4. Blitz the right side of screen linebacker
- 5. Stand over the center with one of linebackers in the yellow zones and hold LT

**Overview:** Here we are blitzing only five people and getting instant left side pressure on the QB from the defensive end. We are doing this from a Cover 3 style defense, but we can adjust the zones and we disguise our defense by base aligning.

#### Formation: 4-3 Over Plus

Play: Tampa 2

#### Setup:

- 2. Pinch the defensive line
- 3. Slant the defensive line to the left
- 4. Blitz the right side of screen linebacker
- 5. Stand in the left A Gap with one of linebackers in the yellow zones and hold LT

**Overview:** Here we are blitzing only five people and getting right side pressure on the QB from the linebacker. This is going to force our opponent to block extra people in order to pick up the blitz. Leaving less routes for us to cover with the zones behind us

Formation: 4-3 Over Plus

Play: Cover 2 Man

- 1. Base Align
- 2. Pinch the defensive line
- 3. Slant the defensive line to the left
- 4. Blitz the right side of screen linebacker
- 5. Stand in the left A Gap with one of linebackers and hold LT

**Overview:** Here we are blitzing only five people and getting right side pressure on the QB from the linebacker. On this play we are making our blitzes look exactly the same however, we have man coverage with two safeties over top in this play. Mixing the coverages is an important aspect of Madden.

- 4. Blitz the right side of screen linebacker
- 5. Put the linebacker on the left side that is blitzing in a yellow zone
- 6. Stand in the left A Gap with one of linebackers in the yellow zones and hold LT

**Overview:** Here we are blitzing only five people and getting right side pressure on the QB from the linebacker. Again, we are forcing the opponent to block our blitz and we are confusing them by mixing up our coverages. This is a single safety playing deep that looks exactly the same as the other defenses.

Play: Cover 3 Sky Wk

## Setup:

- 1. Base Align
- 2. Pinch the defensive line
- 3. Slant the defensive line to the left
- 4. Blitz the right side of screen linebacker
- 5. Stand in the left A Gap with one of linebackers in the yellow zones and hold LT

**Overview:** This is the alternate setup for the Cover 3 play, this one looks exactly the same as our other blitzes but now we have the luxury to have a Cover 3 look as well. These are quick setups making it easy to adjust the zones behind the blitz.

**Formation:** 4-3 Over Plus

Play: Cover 4 Quarters (Run Defense)

### Setup:

- 1. Base Align
- 2. Press Coverage
- 3. Pinch the defensive line
- 4. Play underneath Coverage
- 5. Bring the Safeties down a few steps

**Overview:** This is our run defense for the formation, you will be able to stop any type of run in the game using this play. User one of the linebackers and fill any gaps that appear to be open. On outside runs bring your user to the outside and it will force the ball carrier inside and tackled.

Playbook: Minnesota Vikings

Formation: Dime Normal

Play: Dime Blitz 2

#### Setup:

- 1. Base Align
- 2. Press Coverage
- 3. Pinch the defensive line
- 4. Slant the defensive line outside
- 5. User the linebacker and put him in the gap and hold LT

**Overview:** This is a quick blitz sending only 5 people at the quarterback. This is also in a formation where you have extra defensive backs on the field making it very good against passing offenses. The blitzer that is coming free will also be either a cornerback or a safety, so the blitz will get to the quarterback fast.

Playbook: Minnesota Vikings

Formation: Dime Normal

#### Play: DB Blitz

#### Setup:

- 1. Base Align
- 2. Press Coverage
- 3. Pinch the defensive line
- 4. Slant the defensive line outside
- 5. Move the blitzing cornerbacks towards the linemen a few steps
- 6. User the linebacker and put him in the gap and hold LT

**Overview:** Here we are getting pressure from both the left and the right side. This makes it nearly impossible for the opponent to pick up the blitz, and the quarterback can't scramble either

way because there is pressure from both sides. This blitz also only sends 6 people and gets two people running free at the quarterback.

Playbook: Minnesota Vikings

Formation: Dime Normal

Play: Tampa 2 (Coverage Defense)

## Setup:

- 1. Base Align
- 2. Press Coverage
- 3. Pinch the defensive line
- 4. Slant the defensive line outside
- 5. Put the Middle linebacker in a deep blue zone

**Overview:** This defense is to mix in a coverage defense for the formation. However, the key too this is to make it look like we are blitzing. So, we will still move our corners closer to the line of scrimmage creating the illusion that we are blitzing. When really, we are dropping into a maximum coverage defense.

#### Playbook: Minnesota Vikings

- 4. Shift the linebackers left
- 5. Slant the defensive line outside
- 6. User the blitzing Free Safety

**Overview:** Here we have a 5-man blitz from a Quarters formation that brings a cornerback free from the left at the quarterback. This formation is a situational formation and can't be used all game. An opponent would run the ball most likely if you tried to use this all game. However, in passing situations this play is highly effective.

Playbook: Minnesota Vikings

**Overview:** Here we have a 5-man blitz from a Quarters formation that brings a cornerback free from the right at the quarterback. Again, this is a very situational formation, but when it is used in the correct spots it can be a nightmare for the opponent. This setup appears to the opponent that it is exactly the same as the blitz from the left instead this time we are bringing heat from the right.

- 6. Blitz the cornerback on the left side of the screen
- 7. User the blitzing Free Safety

**Overview:** Now we are bringing a 5-man blitz that brings the cornerback free from the left side out of a Cover 3 style defense. Mixing the coverages up will make it difficult for the opponent to make consistent reads.

- 4. Slant the defensive line outside
- 5. Pinch the linebackers
- 6. User one of the linebackers in the middle of the field and stand where shown in the video and hold LT

**Overview:** As shown in the video you can move the blitzing cornerback closer to the line to make the blitz even quicker. When you stand with your user and hold LT it makes the blitz more consistent.

- 4. Slant the defensive line outside
- 5. Pinch the linebackers
- 6. Zone the blitzing linebacker
- 7. User one of the linebackers in the middle of the field and stand where shown in the video and hold LT

**Overview:** On this play we have man coverage across the board while blitzing 5 people. Then we also get to put the linebacker in any zone we would like. Again the use of holding LT makes this blitz very consistent and mixing in man coverage will confuse your opponent.

Playbook: Minnesota Vikings

Play: Tampa 2

#### Setup:

- 1. Base Align
- 2. Press Coverage
- 3. Pinch the defensive line
- 4. Slant the defensive line outside
- 5. Pinch the linebackers
- 6. User one of the linebackers in the middle of the field and hover where shown in the video

**Overview:** Here we are only blitzing 4 people. However, this formation gets consistent block sheds that bring extreme pressure to the opponent. This defense is a quick setup and you can adjust your defense to cover any type of passing plays in the game. On this defense we just hover in the gap with our user and do not hold LT.

- 3. Pinch the defensive line
- 4. Slant the defensive line outside

- 6. User one of the linebackers in the middle of the field and hover where shown in the video

**Overview:** Here we are only blitzing 4 people. This is another block shed defense but now we are in a Cover 3 style defense. It is extremely important when using a block shed defense to mix up your coverages. If you stay in one defense too long a good player can find a way to beat it.

- 1. Base Align
- 2. Press Coverage
- 3. Pinch the defensive line
- 4. Slant the defensive line outside
- 5. Pinch the linebackers
- 6. User one of the linebackers in the middle of the field and hover where shown in the video

**Overview:** On this play we have a Cover 1 style of man defense blitzing 4 people using the block shed defense. This type of defense is good against an opponent that likes to run a lot of Post patterns over the middle of the field. It is also effective to mix up the coverage and run man sometimes instead of zone all the time.
